The Covenants below, in their entirety, shall apply to all lots in said subdivision.

## COVENANTS

1. Allowable Structure: No structures shall be erected, altered, placed or permitted to remain on Lots 58 through 103 other than one (1) detached single family dwelling and other accessory buildings incidental to residential use of the premises. No structures shall be erected, altered, placed or permitted to remain on Lots 49 through 57 except in accordance with the ordinances of the Village of St. Joseph, Illinois.
2. Architectural Committee: The Meadows of St. Joseph Second Subdivision Architectural Committee shall initially be composed of the following three (3) persons:

The Committee may take action at formal meetings or may act informally through the means of written consents from at least two (2) members of the Committee. The Committee may designate a representative to act for it and may delegate its powers and duties to its representatives. In the event of death, resignation, refusal to act or inability to act of any member of the Committee, the remaining members of the Committee may designate a successor. The record owners of seventy-five percent (75%) of the lots in The Meadows of St. Joseph Second Subdivision shall have the power at any time, by a duly signed, acknowledged and recorded instrument, to change the membership of the Committee, to withdraw any powers and duties from the Committee or to restore to it such powers and duties as may have been previously withdrawn.

The plans and specifications shall show complete construction details, including the nature, kind, shape, height, material and color scheme of the structure and shall include a plot plan showing the lot lines, required yards, landscaping, and the proposed location of all structures and the grading plan of the building site.
- (b) Powers and Duties of Committee: The Architectural Committee shall have the following powers and duties:
  - (1) To examine and approve or disapprove any plans and specifications submitted to it by a lot owner.

- (2) To waive up to twenty-five percent (25%) of any area or yard requirement contained in these restrictive covenants unless said waiver request is in conflict with the zoning ordinance of the Village of St. Joseph or the County of Champaign, as applicable.
  - (3) To determine whether a fence, wall, hedge or shrub planting unreasonably obstructs the view of approaching street traffic.
  - (4) To inspect any construction work in progress upon any lot in the subdivision for the purpose of ascertaining whether the applicable provisions of these restrictive covenants are being fully complied with.

- (d) Waiver of Liability: The approval by the Architectural Committee of any plans and specifications, plot plan, grading or other plan or matter requiring approval as herein provided shall not be deemed to be a waiver by the said Committee of its right to withhold approval as to similar other features or elements embodied therein when subsequently submitted for approval in connection with the same building site or any other building site. Neither the said Committee nor any member thereof, nor the present owner of said real estate, shall be in any way responsible or liable for any loss or damage resulting from or relating to any error or defect which may or may not be shown on any plans and specifications or on any plot or grading plan, or planting or other plan, or any building or structure or work done in accordance with any other construction or matter whether or not the same has been approved by the said Committee or any member thereof, of the present owner of said real estate.
- (e) Constructive Evidence of Action by Architectural Committee: Any title company or person certifying, guaranteeing or insuring title to any building site, lot or parcel in such addition, or any lien thereon or interest therein, shall be fully justified in relying upon the contents of a certificate of completion signed by any member of the Architectural Committee, and such certification shall fully protect any purchaser or encumbrancer in good faith in acting thereon.

3. Minimum Size: No one story dwelling on Lots 60 through 62 shall occupy a ground floor area of less than one thousand two hundred (1,200) square feet. No one story dwelling on Lots 49 through 59 and Lots 65 through 103 shall occupy a ground floor area of less than one thousand (1,000) square feet. No dwelling having more than one story shall occupy a ground floor area of less than one thousand (1,000) square feet and a total floor area of less than one thousand four hundred (1,400) square feet. In computing the ground floor area of a dwelling for the purpose of applying this restriction, fifty percent (50%) of the area of enclosed porches shall be considered to be a part of the dwelling and one hundred percent (100%) of the area of attached garages shall be considered to be a part of the dwelling.
4. Building Location: No building shall be located on any lot nearer than thirty (30) feet from the front lot line and thirty-five (35) feet from the rear lot line. No building shall be located on Lots 57 through 62 nearer than ten (10) feet from the side lot lines, and no building shall be located on Lots 49 through 56 and Lots 65 through 103 nearer than seven and one-half (7.5) feet from the side lot lines.

Accessory buildings shall not be erected, constructed or maintained prior to the erection or construction of the dwelling unless prior written approval is received from the Architectural Committee. The provisions herein shall not apply to temporary buildings and structures erected by builders in connection with the construction of any dwelling or accessory building and which are promptly removed upon completion of such dwelling or accessory building.
6. Non-Occupancy and Diligence During Construction: The work of construction of any building or structure shall be prosecuted diligently and continuously from the time of commencement until the exterior construction shall be fully completed and the interior construction is substantially completed, and no such building or structure shall be occupied during the course of originally exterior construction or until made to comply with the restriction and conditions set forth herein. No excavation except as is necessary for the construction of improvements shall be permitted.
7. Maintenance of Lot Site During Construction: During the course of construction, all materials and equipment shall be stored on the lot which construction is underway. Debris and waste involved in the construction shall be confined to the lot on which construction is underway and shall be removed from the premises at the end of each day or be suitably covered. Lightweight debris shall be stored in containers to avoid blowing upon adjacent lots. No burning of debris shall take place upon the premises, except in compliance with applicable laws and ordinances. The intent of this covenant is to maintain and preserve a clean and neat appearance in the subdivision at all times.
8. Construction Requirements:

  - (b) Any satellite dishes shall be screened in a manner which is approved by the Architectural Committee. It is the intention that placement and/or location of said satellite dishes shall be planned in such a manner so as to minimize interference with adjacent dwellings. Only satellite dishes eighteen (18) inches or smaller in diameter shall be allowed.
  - (c) No electronic antenna or device of any type other than an antenna for receiving normal television signals shall be erected, constructed, placed or permitted to remain on any of the lots or structures in the subject subdivision without first having obtained the prior written consent of the Architectural Committee.   - (d) All mail boxes shall conform to the consistent mail box style as approved by the Architectural Committee consistent with existing U.S. Post Office regulations, unless a cluster mail box scheme is devised by said Architectural Committee.

No derrick or other structure

designated for use in boring for oil or natural gas shall be erected, maintained or permitted upon any lot.

No person, firm or corporation shall strip, excavate or otherwise remove soil for sale or for use other than on the premises from which the same shall be taken, except in connection with the construction or alteration of a building on such premises and excavation or grading incidental thereto.

12. Livestock and Poultry: Farming: No animals, livestock or poultry of any kind shall be raised, bred or kept on any lot, except that no more than two (2) dogs and two (2) cats or other common household pets may be kept and then may only be kept provided they are not kept, bred or maintained for commercial purposes.

All containers or other equipment of the storage or disposal of such material shall be kept in a clean and sanitary condition.
14. Storage: No building materials of any kind or character shall be placed or stored upon a building site until the owner is ready to commence improvements in compliance with an approved architectural plan and then such materials shall be placed within the property lines of the building site upon which improvements are to be erected and shall not be placed in either the setback or the right-of-way.
15. Street Sight Line Obstruction: No fence, wall, hedge or shrub planting which obstructs sight lines at elevations between two (2) and six (6) feet above the roadways shall be placed or permitted to remain on any corner lot within the triangular area formed by the street property lines and a line connecting them at points thirty (30) feet from the intersection of the street property lines, or in the case of a rounded property corner from the intersection of the street property lines extended. Further, none of the above described obstructions shall be placed or permitted to remain in the triangular area formed by a street property line, either edge of any driveway, and a line connecting a point thirty (30) feet outward from the edge of the driveway and ten (10) feet from the street property line.
16. Sewer System: No lot owner shall construct or maintain an individual on-site waste treatment system on such owner's lot. All lots shall be serviced by the St. Joseph sanitary district wastewater treatment facility. It will be the individual lot owner's responsibility to connect to the sanitary sewer lines already in place in the subject subdivision.

20. Yard Lights: Each lot owner shall erect and maintain in good operating condition one (1) yard light located in the front yard of each lot. All yard lights shall be equipped with a photo-electric cell that activates the light during hours of darkness. The Architectural Committee shall review all proposed exterior lighting systems for location, type, design and illumination levels. Approval shall be obtained from the Architectural Committee prior to construction.
21. Maintenance of Drainage: No obstruction, diversion or change in the natural flow of surface water along drainage swales or property lines shall be made by any lot owner or agent thereof in such manner as to cause damage or to interfere with any other property or in violation of Village of St. Joseph ordinance.
22. Homeowner's Association: It is understood and provided that all lot owners in The Meadows of St. Joseph Second Subdivision shall be members of The Meadows of St. Joseph Homeowners Association, an Illinois not-for-profit corporation (the "Association"). All lot owners agree to accept membership in said Association and to abide and be bound by the Articles of Incorporation, By-laws and reasonable rules and regulations of the Association and to maintain membership therein so long as such lot ownership is retained. Each owner-member shall be subject to assessment for annual dues to the Association not to exceed Two Hundred Fifty Dollars (\$250.00) unless a larger amount is approved by the owners of two-thirds (2/3) of the lots which comprise the Association. The rights of membership are subject to the payment when due of annual and special assessments levied by the Association. The obligation of assessments is imposed against each owner of and becomes a lien upon said owner's land in The Meadows of St. Joseph Second Subdivision against which such assessments are made. 23. Nuisances: No noxious or offensive activity shall be carried upon any lot, nor shall anything be done thereon which may be or may become an annoyance or nuisance to the neighborhood.
24. Waiver: The failure of the Architectural Committee, any building site owner or the present owner of the subdivision to enforce any of the restrictions, conditions, covenants, reservations, liens or charges to which said property, or any part thereof, is subject shall in no event be deemed a waiver of the right to do so thereafter or to enforce any other restriction, condition, covenant, reservation, lien or charge.
25. Waiver of Restrictions: These restrictive covenants may be waived in whole or in part, as to any one or more lots, by an instrument signed, acknowledged and recorded by not less than two-thirds (2/3) of the lot owners in The Meadows of St. Joseph Second Subdivision.
26. Enforcement: Enforcement shall be by the proceedings at law or in equity against any person or persons violating or attempting to violate any covenant, either to restrain violation or to recover damages.
